

MedStar Health and One Medical Announce New Partnership in the Greater Washington, D.C., Region

June 17, 2020

Leading healthcare organizations will focus on seamless care coordination

WASHINGTON and SAN FRANCISCO, June 17, 2020 (GLOBE NEWSWIRE) -- With a shared commitment to transforming the healthcare experience, MedStar Health, the largest healthcare system in Maryland and the Washington, D.C., region, and [One Medical](#) (NASDAQ: ONEM), a leading national technology-powered primary care organization, have announced a new partnership to deliver seamless coordinated care across primary and specialty care settings. Together, the two organizations aim to achieve greater clinical integration, for an exceptional care experience, with reduced administrative burdens and costs.

With this relationship, MedStar Health is now the preferred health system partner in Maryland and the Washington, D.C., region, including Northern Virginia, for One Medical, which currently delivers primary care across the region through virtual and in-person settings. Through highly coordinated, digitally integrated care, the organizations aim to deliver greater value for consumers and employers. The partnership provides One Medical's Greater Washington, D.C., region members with streamlined access to MedStar Health's vast network of highly ranked specialists, ambulatory facilities and hospitals.

Additionally, in the coming years, the two organizations will work together to expand locations across the region.

"We are excited to partner with the outstanding providers and team at MedStar Health to deliver highly coordinated care across primary and specialty care settings," said Amir Dan Rubin, Chair & CEO at One Medical. "Together we are committed to delivering the absolute best in quality and experience, outcome and value."

"MedStar Health is committed to building bold partnerships with organizations that share our vision for transforming health care and patient first values," said Kenneth A. Samet, President & CEO of MedStar Health. "One Medical's unique, member-based approach to primary care complements MedStar Health's existing primary and specialty care network, allowing us to offer their members greater access to the healthcare services they need to live well."

About One Medical

One Medical is a membership-based primary care platform with seamless digital health and inviting in-office care, convenient to where people work, shop, live and click. One Medical's mission is to transform health care for all through a human-centered, technology-powered model. One Medical's vision is to delight members with better health, better care, and lower costs.

Headquartered in San Francisco, 1Life Healthcare, Inc. (Nasdaq: ONEM) is the administrative and managerial services company for the affiliated One Medical physician owned professional corporations that deliver medical services in-office and virtually. 1Life and the One Medical entities do business under the "One Medical" brand.

About MedStar Health

At MedStar Health, we use the best of our minds and the best of our hearts to serve our patients, those who care for them, and our communities. Our 30,000 associates and 4,700 affiliated physicians are committed to living this promise through our core SPIRIT values—Service, Patient first, Integrity, Respect, Innovation, and Teamwork—across our more than 300 locations including 10 hospitals, ambulatory, and urgent care centers. As the medical education and clinical partner of Georgetown University, MedStar Health is training future physician leaders to care for the whole person and is advancing care through the MedStar Health Research Institute. From our telemedicine and urgent care services to the region's largest home health agency, we're committed to providing high-quality health care that's also easy and convenient for our patients. At MedStar Health—It's how we treat people. Learn more at [MedStarHealth.org](#).

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 about One Medical and its industry that involve substantial risks and uncertainties and are based on One Medical's beliefs and assumptions and on information currently available to One Medical. All statements other than statements of historical facts contained in this press release, including statements regarding future results of operations, financial condition, business strategy and plans and objectives of management for future operations, are forward-looking statements.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause One Medical's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Forward-looking statements represent One Medical's beliefs and assumptions only as of the date of this release. These statements, and related risks, uncertainties, factors and assumptions, include, but are not limited to: One Medical's relationships and collaborations with its health network partners and enterprise clients; One Medical's ability to deliver seamless coordinated care across primary and specialty care

settings; One Medical's ability to achieve an exceptional care experience with reduced administrative burdens and costs with its partners; and One Medical's ability to digitally and clinically integrate with its partners. Actual results and the timing of events could differ materially from those anticipated in such forward-looking statements as a result of these risks and uncertainties. Except as required by law, One Medical assumes no obligation to update these forward-looking statements, or to update the reasons actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future. Further information on factors that could cause actual results to differ materially from the results anticipated by One Medical's forward-looking statements will be included in the reports One Medical will file with the Securities and Exchange Commission, including its most recent Annual Report on Form 10-K and most recent Quarterly Report on Form 10-Q. These filings, when available, are available on the investor relations section of One Medical's website at investor.onemedical.com and on the SEC's website at www.sec.gov.
