Explanation of Responses:

- Each performance-based stock option represents a right to receive one share of the Issuer's common stock upon exercise, contingent upon the performance conditions being met.
- The stock option vests, if at all, (1) as to 1/84th of the shares in equal monthly increments over the first seven years from the date of grant, and (2) the achievement of four stock price milestones (with an equal or greater number of shares subject to vesting with respect to each higher stock price milestone). Once a stock price milestone is met, then vesting for that portion of the grant meeting that stock price milestone becomes subject solely to the time-based vesting requirement. No shares will vest with respect to the portion of the performance-based stock option for which the applicable stock price milestone is not met.
